Minimally invasive aesthetic dentistry

Preventing disease and restoring broken down teeth in a digital world

Avijit Banerjee
Alif Moosajee

LONDON  |  Friday 24 April 2020
MANCHESTER  |  Friday 25 September 2020

6 hours CPD

DEVELOPMENT OUTCOME

Learning objectives

- Identifying protocols for non-operative caries prevention
- Defining and providing evidence for selective caries removal protocols for managing the deep carious lesion using minimally invasive techniques
- Understand aesthetic indirect restorations in the analogue and digital world
- Providing predictable aesthetics with minimal invasion
- Modern paradigms in prepping for bonded restorations.
08:30  Registration, refreshments and exhibition

09:00  Preventing caries “MI” way!
  • Appreciate the minimum intervention oral healthcare team delivery approach to non-operative caries prevention
  • To provide evidence and outline protocols for non-operative caries prevention regimes
  • To offer clinical tips for team-delivered, patient-focused MI preventive care.

  Avijit Banerjee
  Chair in Cariology and Operative Dentistry / Hon. Consultant, Restorative Dentistry, Faculty of Dentistry, Oral and Craniofacial Sciences, Guy’s Dental Hospital, Kings’ College London

10:15  Morning refreshments and exhibition

10:35  Contemporary aesthetic management of deep carious lesions  
  • To provide and discuss the scientific and clinical evidence / rationale for minimally invasive selective caries removal approaches, preserving tooth tissue and pulp sensibility
  • To outline MI technologies and bio-interactive materials available to prepare and restore such lesions
  • To provide clinical protocols for direct plastic aesthetic restorations

  Avijit Banerjee
  Chair in Cariology and Operative Dentistry / Hon. Consultant, Restorative Dentistry, Faculty of Dentistry, Oral and Craniofacial Sciences, Guy’s Dental Hospital, Kings’ College London

12:20  Lunch and exhibition

13:20  Aesthetic indirect restorations in the analogue and digital world
  • Proper planning for minimal invasion  
  • Providing predictable aesthetics.

  Alif Moosajee
  Principal Dentist, Oakdale Dental

14:50  Afternoon refreshments and exhibition

15:10  Aesthetic indirect restorations in the analogue and digital world (cont)
  • Modern paradigms in prepping for bonded restorations
  • Keeping control of all the spinning plates in bigger cases.

  Alif Moosajee
  Principal Dentist, Oakdale Dental

16:40  Close of seminar
Avijit Banerjee
Chair in Cariology and Operative Dentistry; Hon. Consultant, Restorative Dentistry, Faculty of Dentistry, Oral and Craniofacial Sciences, Guy’s Dental Hospital, Kings’ College London

Avijit holds the positions of Head of Conservative and MI Dentistry, Director of Education (UG) and Programme Director of the innovative KCL distance-learning Masters in Advanced Minimum Intervention Dentistry. He also leads the Cariology and Operative Dentistry research programme at the world-leading faculty, researching, publishing and lecturing internationally about MI operative caries management and adhesive dental biomaterials. He has over 120 publications, received more than £2.5 million research income, supervised five post-doctorate, 16 doctorate and 24 masters students to date. He acts as an international R&D KOL for many international industry partners, including 3M Oral Healthcare, GCE / UK, Septodont, Dentsply Sirona, Colgate and P&G Oral B. Avijit is primary author of Pickard’s Guide to Minimally Invasive Operative Dentistry (9th & 10th editions; OUP, 2015), Minimally Invasive Esthetics (Elsevier, 2015) and chapter contributions, including, amongst others, a caries management chapter in The Principles of Endodontics (2nd ed, OUP, 2013; 3rd ed, 2019). He is editor-in-chief of Oral Health and Preventive Dentistry and an editorial board member of Journal of Dental Research, Dental Update, British Dental Journal, International Journal of Adhesion and Adhesives, and the Primary Dental Journal. He is a member of the British Dental Association Health and Science Committee, all whilst maintaining a specialist clinical practice in restorative dentistry, prosthodontics and periodontics. He is the past-President of the BDA Metropolitan Branch Section 2019-20 and has consistently been voted by his peers as one of the top ten most influential individuals in the UK dental profession over the past five years (FMC Publications).

Alif Moosajee
Principal Dentist, Oakdale Dental

Alif Moosajee is the award-winning principal dentist at Oakdale Dental, a specialist dental practice in Leicester, and is also the author of the book The Smiling Dentist a jargon-free book for patients about clinical dentistry. Alif qualified at Birmingham University in 2004. He has a particular interest in dental implants and CEREC, merging those two interests to fabricate implant guides in-house and provide a fully digital workflow for his implant patients. He loves providing tooth-bourne restorations with CEREC and overcoming the challenges that this treatment often provides. Alif provides CEREC ‘New-User Training’, lectures extensively on CEREC and on CEREC-guided implant surgery. He is also a study club director for the International Team for Implantology (ITI) and for Dentinal Tubules. Alif regularly makes appearances on BBC TV and Radio and on Channel 5 commenting on topical dental issues. After writing his book, he continues to put pen to paper writing for dental magazines The Probe and Dentistry. He is on the editorial board for Young Dentist magazine and has had articles published in Implant Dentistry Today. Alif was awarded Best Young Dentist UK and won the Fast Track 4 award in 2016.

GC will be exhibiting all their innovative products including Equia Forte HT, incorporating GC’s latest glass ionomer and resin based technology. A superior bulk fill material for Class I, II III & Class V, restorations. Equia Forte HT has become the first choice alternative material to amalgam. GC will be exhibiting their wide range of MIH solutions, plus their market leading, composites, luting cements and other GIC materials and restorative solutions.
